Firefighting gear specially designed for cadets

It is important for VIKING that aspiring firefighters get the best start possible - Learning how professional firefighters operate and how important their gear is for their work. That's why we designed a suit especially for future firefighters.

With our uncompromising focus on safety we created a durable design that offers super protection, excellent breathability and a great fit for cadets of all sizes. The cadet suit fulfills all international requirements and is even EN469 approved.

Materials

- Aramid with NOMEX® Viscose moisture barrier

Jacket

- 2 side pockets with closures and a radio pocket on chest
- High-quality NOMEX® knitted wristlets with a thumb hole
- Front zipper extended to collar
- Lace intake at waist for optimum fit
- Snap hook in right pocket
- Extra padding in shoulders for comfort and protection

*Jacket PS6527
Trousers PS6567*

Trousers

- Adjustable braces
- Elastic intake at waist
- Pre-bent knees with pads for extra flexibility and comfort
- Anti-wicking barrier at bottom of trouser leg to minimize water penetration
